Présentation

NEXT-GEN INDUSTRIAL SPACE - Greater Lausanne Area

Coming 2027

A brand-new industrial hall engineered for modern performance.

3'000 m² of flexible space.

5-meter clear ceiling height.

High-efficiency building designed to meet the latest energy performance standards.

Optimized envelope. Smart systems. Lower operating costs.

Multiple industrial-grade access points for seamless logistics and operations.

Built for flow. Built for scale.

Ideal for logistics, production, and future-proof businesses.

Strategically located near the highway and rail network, with national, and international connectivity.
